The Wolf's Call Critics Consensus. The Wolf's Call is a classic submarine action-thriller that will keep you at the edge of your seat.

Violence and death come to the land under the Northern Sky when two fierce races break their age-old fragile peace and start an all-out war in this thrilling and savagely visceral epic fantasy. Beyond the Black River, among the forests and mountains of the north, lives an ancient race of people. Their lives are measured in centuries, not decades; they revel in wilderness and resilience, and they scorn wealth and comfort. By contrast, those in the south live in the moment, their lives more fleeting. They crave wealth and power; their ambition is limitless, and their cunning unmatched. When the armies of the south flood across the Black river, the fragile peace between the two races is shattered. On a lightning-struck battlefield, the two sides will fight - for their people, for their land, for their very survival. Under the Northern SkyThe Wolf.
